The Butterfly Foundation is a non-profit organization that endeavors to ignite a movement encouraging people to be kind and thoughtful in everything. It honors Katie Durkin, whose nine energetic years on earth were indelibly marked by immeasurable love, kindness, and thoughtfulness. Inspired by a description of Katie as "Kind And Thoughtful In Everything", the Katie acronym was born. Paired with Katie's hand drawn butterfly artwork, the imagery symbolizes a life that undergoes a swift and magical transformation, while becoming a subject of beauty and inspiration for many.

The Foundation's first project was the creation of the Butterfly Athletic Park at the Wales Primary School including a U-10 soccer field, 3-lane running track, pavilion, + basket ball court, which complements the handicapped-accessible playground.

This year's tournament will support the Butterfly Foundation as they continue to partner and provide support to community efforts, which encourage positive youth development.
