

Ingomar Franklin Park Athletic Association

65 year tradition of building Community Baseball and Softball

Baseball

MISSION: To be the *best* community youth sports program, encouraging young people of *all abilities* to build a healthy body, mind and spirit by providing opportunities to have fun in a safe environment that allows them to develop their *skills, sportsmanship* and *love of the game*.

Softball

Facilities

IFPAA has been working with local municipalities, schools and churches for over *60 years* to build the most complete network of facilities in the area. With 4 major facilities and 5 lighted fields, your child will always have a chance to play on a *great field close to home*.

Friends

With nearly a thousand players choosing IFPAA programs each year, your child is bound to find plenty of friends from their school, neighborhood or church on their team. This allows us to offer safer age groupings and the widest range of softball and baseball programs.

Coaches

We know that your child's experience starts with their coach. Through our coach education program we offer first class on-line and hands-on training programs for coaches free of charge. Background checks help to ensure that your child will be safe while having fun.

Clinics – Visit ifpaa.org/IFPAA/clinics for information on our Winter clinics

REGISTRATION FOR SPRING 2016 BASEBALL AND SOFTBALL IS OPEN NOW at www.ifpaa.org
