

Public Site

How can coaches enter game scores?

Coaches can enter game scores by logging into the public website. They can select their team from the drop down and selecting enter game scores. The games that their team has played, both scored and unscored, will be listed on the next screen.

The screenshot shows the MYL (manage your league) website interface. At the top left is the MYL logo with the tagline 'manage your league' and icons for baseball, softball, soccer, and tennis. Below the logo is the text 'Opponent Stat Report'. A 'Teams' section contains three buttons: 'M70 - Test', 'Rainout Test 1', and 'Rainout Test 2'. Below this, there is a text instruction: 'Click on a game to open up the single game score and statistics entry page. Games listed from oldest to newest.' The main content area is titled 'Unscored/Unsubmitted Games:' and contains a table with the following data:

Date	Game	Home Score	Away Score	Forfeit/Save	Saved
Sat, Jun 06, 2015	H: Rainout Test 1 vs. A: Rainout Test 2	<input type="text"/>	<input type="text"/>	<input type="button" value="Submit"/> <input type="button" value="Forfeit"/>	

Below the table, there is a section titled 'Scored/Submitted Games:' which contains the text 'No scored games.'

Coaches can enter games scores into the appropriate home and away score fields and clicking submit. They can also click forfeit if one of the teams forfeited the game.
