How do I view a report on all players drafted into a division?

If you navigate to members->players/parents->player/parent reports->draft list, you will see the form shown below.

The image shows a web form with a light gray background. On the left, the word 'Level' is written in a small, dark font. To its right is a dropdown menu with a white background and a blue border. The menu displays the text 'Select A Level' in a dark font, followed by a small downward-pointing triangle icon. Below the dropdown menu is a blue rectangular button with the word 'Submit' written in white, bold, sans-serif font.

All you have to do is select the level you want to view then click submit. You will be shown a report listing all the players drafted onto teams in the division.
