

# Admin Site

## How do I enable/disable coach/parent logins on the public site?

When parents/players/coaches create login information during registration, they can use it to log into the public website. You can disable this access by going to setup->organization->league and under the league tab, checking the "Disable Coach/Parent Login" field.

League	Contact	Admin	CC/Insurance	Interface
League Name:	Manage Your League			
Sport Name:	Baseball			
League Description:	Manage Your League Demo Site			
League Name Abbreviation:	MYL_DEMO			
League Affiliation Link:	MYL_DEMO			
League Child Abbreviation:	TEST			
Google Analytics Tracking ID:	UA-XXXXXX-X (Enter the exact Tracking ID, ex:UA-XXXXXX-X)			
Sport Folder:	.			
League ID:	1			
Company ID:	9587 (Manage Your League Demo)			
League Type:	Child <a href="#">League Type List Editor</a>			
League Format:	Recreation			
Multi-League Site Login:	<input checked="" type="checkbox"/>			
Disable Coach/Parent Login:	<input checked="" type="checkbox"/>			
Disable Coach Functions:	<input type="checkbox"/>			
Disable Standings (ctrl-click to select multiple)	Rookies 1 Rookies 1 Minors A
