## How do I change the qualifying age-range for a league/division?

Go to setup->organization->league. Under the admin tab, edit the start and end fields to reflect either the age or grade cutoffs that you want for the league.

The screenshot shows the 'League' admin interface with the 'Admin' tab selected. The 'Start: (Age or Grade)' field is set to 5 and the 'End: (Age or Grade)' field is set to 32. Red arrows point to these fields. The 'Criteria' dropdown is set to 'Age' and the 'Gender' dropdown is set to 'Both'. The 'Cut Off Month(Boys)' and 'Cut Off Month(Girls)' are both set to 'May'. The 'Use month cutoff of next year' and 'Use month cutoff of previous year' checkboxes are unchecked.

League	
League	Contact
Admin	CC/Insurance
Interface	
School Required:	<input checked="" type="checkbox"/> <a href="#">[School List Editor]</a> <a href="#">[Clone School Tool]</a>
Grade Required:	<input checked="" type="checkbox"/> (Grade will be automatically required if Criteria is set to Grade.)
Criteria:	Age
Gender:	Both
Start: (Age or Grade)	5
End: (Age or Grade)	32
Cut Off Month(Boys) if applicable:	May
Cut Off Month(Girls) if applicable:	May
Use month cutoff of next year:	<input type="checkbox"/>
Use month cutoff of previous year:	<input type="checkbox"/>

To change the age range for an individual division, go to setup->teams->division then click edit next to the division you wish to change. Select update division at the bottom of the page to save the changes.
