

Admin Site

How do you add events to the calendar module?

You can add events to the calendar module by going to communication->web site->calendar event administration

Calendar Event Administration

[+ Add New Event](#)

[x Delete An Event](#)

-OR-

Scheduling/game->utilities->event managment, and adding events.

Event Management							
My Events				+ New Event			
Event Name	Location	Start	End				
MYL Class		11-18-2012 00:00 AM	11-30-2012 00:00 AM	<input checked="" type="checkbox"/> Cal	<input checked="" type="checkbox"/> Reg	[edit]	[delete]
Sylmar Independent Baseball		11-20-2014 02:00 PM	00-00-0000	<input checked="" type="checkbox"/> Cal	<input checked="" type="checkbox"/> Reg	[edit]	[delete]
Test Event		09-16-2015 09:00 AM	10-17-2015	<input checked="" type="checkbox"/> Cal	<input type="checkbox"/> Reg	[edit]	[delete]
