How do I schedule a game for a timeslot?

If you go to scheduling/games>utilities>schedule(games/practice), you should see your resource and the timeslots you have added to it.

Resource . Trap	Avena to Date	in the second se	rek of: November	16, 2015 (Next))		
Mon Nov 16	Tue Nov 17	Wed Nov 18	Thu Nov 19	Fri Nov 20	Sat Nev 21	San No

Schedule Case	bihanya Open Dimanja Open	Sintense Caer. Behense Oper	Schenze Coen Ortenia Coen	Stretue Sten Stretue Oper		

If you click on one of the timeslots, you will be shown the option to create a game for that timeslot.

After that you just select the division and then the teams you want to play each other and click "create and schedule game".
