## How do I set what payment types to accept during registration?

In order to change the payment types that are allowed during registration, you must go to setup->registration->payment groups and choose the payment group that you wish to edit. On this screen you can choose which types of payments to allow.

The screenshot shows a web-based configuration interface for a registration payment group. The form is titled "Registration" and includes several sections for configuration:

- Group Name:** A text input field containing "Registration".
- Header:** A large empty text area for defining the header of the registration page.
- Footer:** A large empty text area for defining the footer of the registration page.
- Payment Options:** A series of dropdown menus and input fields for enabling and pricing various payment methods:
  - Allow Checks:** Set to "Yes" with a price of "\$ 0.00".
  - Allow Invoice:** Set to "No" with a price of "\$ 0.00".
  - Allow Pay Later:** Set to "--Select--" with a price of "\$ 0.00".
  - Allow Credit Card:** Set to "Yes" with a price of "\$ 0.00" and an option for "0.00 %".
  - Allow Cash:** Set to "No" with a price of "\$ 0.00".
  - Allow Payment Plan:** Set to "Yes" with a red button labeled "Payment Plan Editor".
- Select Payment Plans:** A list box containing "Plan #1", "Plan #2", "Plan #3", and "Plan #4".
- Payment Types for Plans:** A list box containing "Check", "Invoice", "Credit Card", and "Cash".
- Use on Registration:** A dropdown menu set to "Yes".
- Update The Group:** A prominent blue button at the bottom left of the form.
