## Is there a way to place a player on multiple teams?

You can place players in another division by creating a new registration with their player id. Go to registration->registration edit and type in the player id in the id field shown below and click the save icon.

Registration Edit

League: MYL DEMO Sort By: Player Name

Date/Time: Season: Spring 2014

Registration	Player	Parent 1	Parent 2	Custom Fields	Billing Information	Payment Information
