

Admin Site

How do I change the registration start and end date for a season?

This must be set in the season editor. Navigate to Setup->Organization->League. In the "League" tab, next to the dropdown menu labeled "Active Season", there is a link to the season editor.

The screenshot shows the 'League' admin page with various configuration fields. The 'Active Season' dropdown is set to 'Spring 2014'. A red arrow points to the '[Season Editor]' link next to the dropdown. Below the form is a 'Save Changes' button.

League	
League Name:	Manage Your League
Sport Name:	Baseball
