If someone is opted out of emails in one league, will they still receive emails sent from other leagues within my organization/site?

You can make an opt-out global by clicking "Edit" next to the user's opt-out record. You can see a list of everyone who has opted out of receiving emails by going to communication>e-mail>email opt out.

Email Opt Out					
ID	Person ID	Person Type	Email	Global	
1	0	Parent	michaelsans@hotmail.com	N	<input type="button" value="Edit"/> <input type="button" value="Delete"/>
2	0	Parent	bkish65@yahoo.com	N	<input type="button" value="Edit"/> <input type="button" value="Delete"/>
3	0	Parent	garritkp@buffalostate.edu	N	<input type="button" value="Edit"/> <input type="button" value="Delete"/>
4	0	Parent	annmhayes@excite.com	N	<input type="button" value="Edit"/> <input type="button" value="Delete"/>

Then, under the field labeled "Global" field, choose "Yes". This will prevent them from receiving emails across any and all sports/leagues.
